

QoS WAN ^{AI Maastik}

Simplified with
AI Maastik

No more
manual
bandwidth
configs.

Let AI do the
heavy lifting.

[Read More](#)

AI Maastik

“Set WAN bandwidth for my branch routers to 50 Mbps.”

And AI Maastik will handles the rest ⚡

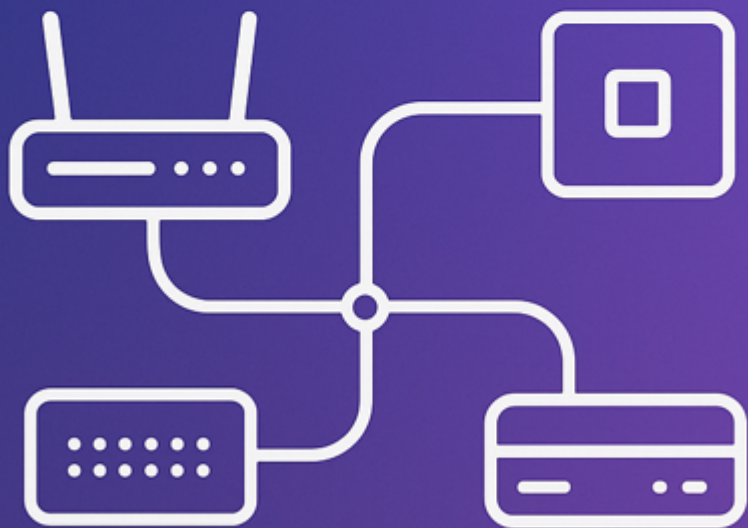

AI Maastik

AI Maastik will automatically:

- ✓ Apply bandwidth settings
- ✓ Perform a Throughput Check
- ✓ Notify you when done

Configure multiple devices.

One command. One limit.
All done instantly. 🙌🙌

Smarter QoS. Faster WAN.
Zero manual effort.

Meet AI Maastik —
your AI-powered Network
Assistant.
